## QUESTIONS:

1. In the sermon, Justin said that oftentimes as Christians, when think about purpose we get caught up in thinking about what God has "called us to do" or how we should spend our lives, but God has already revealed his purpose to each of us. What is the purpose God has for each one of us?
2. How are you living out God's purpose in your own life? How are you daily strengthening your relationship with him? How are you living in a way where you feel like God is allowing you to steward his grace and to share that with others?
3. We are called and granted the title "heir" and "member" with Christ. How are you embracing that in our own lives? Do you live in a way that is honoring God with being his heir? How are you viewing others in that same way, especially those who we may not think are worthy of being heirs such as ourselves?
4. We are called to the same purpose as Paul. We are being used by God to fulfill his mission and that same purpose lives in the heart of every Christian. How does that make you feel?
5. How can you in your life fulfill God's purpose of sharing his Gospel mission?
6. What will you do when you doubt God's plan for you?
7. How can we truly believe that the riches of Christ are infinite, unfathomable, and endless? How can we use that to live a life that is full of God's power?
